## **MAD SCIENCE: BLAST OFF TO SPACE!**

Budding rocket scientists will explore the fundamentals of rocketry and space travel. Learn about outer space as we look at the stars and solar system. Work on projects to take home including a simple telescope, a propeller-powered space orbiter and a fully functional rocket. Build and launch different types of rockets during the week and on the last day of camp, launch the solid fuel rocket you built into space and watch it return to earth by parachute before taking it home to show your friends.

Monday-Friday 1:00-4:00pm Ages: 6-11

Fee: \$175 (Complex Members receive \$10 discount)

**Reg. # 530701-04 July 13-17**

## **MAD SCIENCE: TOP GUN FLIGHT ACADEMY**

Children will have a hands-on experience exploring how different types of aircraft and other objects that fly. Basic principals of flight and aerodynamics will be investigated by building airplanes, testing them in wind tunnels, building a hovercraft and balloon copter. Investigate how early "pilots" navigated while building a sextant and sundial. Campers will take home a rubber band-powered airplane, various paper airplane designs, balloon copters, boomerangs and mini Frisbee™. End the week by putting together everything we have learned by building an intermediate level Estes™ rocket.

**Reg. # 530701-06 August 3-7**

**MAD SCIENCE: RED HOT ROBOTS**

Join us for a week of thrills with amazing robots where we will explore how robots are used in our world and have fun experimenting with super cool sound sensing robots, line-tracking robots and amphibious robots. Young scientists will discover the science of electronic circuits and how robots use sensors to explore things around them. Build your very own sound-activated robot and test out your new friend on an obstacle course before taking it home at the end of the week.

Monday-Friday 9:00am-Noon Ages: 8-12

Fee: \$190 (Complex members receive \$10 discount)

**Reg. # 530701-05 July 27-31**

**MAD SCIENCE: SIZZLING SUMMER SCIENCE**

Children will discover that science is all around us . . . from nature and chemicals to buildings and sports! A different theme will be explored each day as we discover in fun ways how science applies to each topic. Decipher secret codes and build ultraviolet light detectors to detect the "hidden" light from the sun. Explore the animal kingdom and have fun experimenting with light and colors. The world will never look quite the same after attending this camp.

Checks should be made payable to Leroy Springs & Co., Inc. (LSC). There is a \$30 fee (or maximum allowed) on all returned checks. Cancellations made prior to the start of camp will receive a refund minus a \$25 cancellation fee. Transfers from one camp to another (with the exception of FLYERS) may be done two weeks in advance with a \$9 Service Fee. FLYERS Summer Sessions have a non-refundable \$25 deposit for each registered session. Once camp has begun, no refunds are available for any reason. Registration is on a first come, first served basis. To receive the member rate, memberships with the Complex must stay current through the completion of camp.
